

Microbe Zoo Activity!

1. Glue this instruction sheet on **page 8**.
2. First fold your paper so you have 6 boxes.
3. In each box you will put one of the Microbes that you learned about.

Microbe	Dangerous
Bacteria	Yes and No
Virus	Yes
Paramecium	No
Euglena	No
Amoeba	Yes
Volvox	No

4. You will draw and color the Microbe and label and identify its characteristics (definition), movement, and present danger just like you would see at a zoo. Basically you are making an attraction sign. Be sure that you are being specific to characteristics. Use your notes from our Microbe Notes **pages 5 and 7** to help you.
